This image contains a table representing overall statistics for a European Championship held in Izmir, Turkey from 10-19 August 2007. The table records performance data for various teams, with columns detailing the number of matches played, saves, shots, and efficiency percentages for different types of shots and situations. The table is divided into sections for different teams, with columns for saves, shots, and percentages for 6m, 6mO, 9m, 7m, FB, FTO, BT, and total statistics. The data is presented in a clear, concise format, allowing for easy comparison and analysis of team performance. The table also includes a legend explaining the abbreviations used in the table.
